

Rules and Guidelines_Cyper Quest 2023 (CTF) Event

Team Composition

- ✚ Teams must consist of 3 members.
- ✚ Each participant can only be part of one team.
- ✚ Team members can collaborate and work together to solve challenges.

Eligibility

- ✚ The event is open to all students of the CSE-CTIS and CTMA Departments of Jain University.
- ✚ Participants are required to register their teams before the event starts.

Conduct and Fair Play

- ✚ Participants are expected to maintain a high standard of sportsmanship and ethical behavior throughout the event.
- ✚ Any form of cheating, plagiarism, or unethical behavior will result in disqualification.
- ✚ All challenges must be solved without exploiting vulnerabilities of the CTF platform or attempting to disrupt its functionality.

Challenge Solving

- ✚ Challenges are divided into different categories: Web Hacking, Cloud Hacking, OSINT, Cryptography, and Forensics and miscellaneous domains.
- ✚ Teams can choose which challenges to work on and in which order.
- ✚ Flags for each challenge should be submitted in the specified format to earn points.

Flag Submission

- ✚ Flags must be submitted through the CTF platform using the provided submission form.
- ✚ The format for flag submission will be provided with each challenge description.
- ✚ Points will be awarded for correct flag submissions.

Leaderboard and Scoring

- ✚ The event will have a real-time leaderboard that displays team rankings based on the points earned.
- ✚ Points are awarded for solving challenges, and the team with the highest total points will be ranked first.
- ✚ The leaderboard will be displayed on the CTF platform and updated throughout the event.

Rules and Guidelines_Cyper Quest 2023 (CTF) Event

Collaboration

- ✚ Collaboration between different teams is strictly prohibited.
- ✚ Each team must work independently to solve challenges.

Prizes

- ✚ Prizes will be awarded to the top three teams with the highest points.
- ✚ Finalized prize details will be announced during the event.

Organizers' Decision

- ✚ The organizers' decisions on all matters related to the event are final and binding.
- ✚ Any dispute arising during the event will be resolved by the organizers.

By participating in the Cyper Quest 2023 CTF Event, participants agree to abide by these rules and guidelines. The event aims to promote cybersecurity skills, teamwork, and ethical behavior.

Let's work together to make this event a successful and educational experience for all participants!
